## Physical Demand Requirements

In order for you to be successful in a construction environment you must be physically able to perform required duties. Please checkmark  the listed tasks that you are physically able to perform.

- Lift, carry, grip or handle awkward materials weighing up to 65 lbs.
- Safely operate various hand tools. This may include heavy vibrations, additional noise, dust/debris or require additional effort to steady the tool or material.
- Walk over uneven ground or on steep slopes.
- Carry out tasks under unpredictable outdoor conditions that could include (but not be limited to) snow, rain, wind and heat.
- Stand, walk, climb, bend, crouch, kneel and crawl for extensive periods, with or without operating or relocating tools/material.
- Safely climb stairs or a ladder as required.

I verify that the statements made above are true and complete. I also understand that a false statement may disqualify me from employment or result in dismissal.
